**Sponsored by the American Academy of Medical Acupuncture**

**EVALUATION/PROGRAM OBJECTIVES**

**PRE-SYMPOSIUM WORKSHOP II:**  
**How New Research Can Enhance the Speed and Effectiveness of Acupuncture**

Physicians attending this workshop will:

- A. Focus on modern research into acupuncture and related energetic phenomena and the implications for how acupuncture is practiced and how outcomes can be affected.
- B. Become familiar with research on the size and location of acupuncture points and review alternative methods for accurate point location and the value of the use of these different approaches.
- C. Explore the ways the new biophysical understanding of energetics can lead to more rapid and effective resolution of both acute and chronic physical and emotional trauma.
- D. Achieve an understanding of both local and systemic effects of acupuncture and thus gain an understanding of the effects that can result from utilizing acupuncture.
