MODERN APPROACHES TO AN ANCIENT TRADITION

Symposium Is Sponsored By The American Academy of Medical Acupuncture • www.medicalacupuncture.org

REGISTER EARLY BY MARCH 23, 2007, AND SAVE UP TO \$50.00!

2007 CONFERENCE FACULTY

STEPHEN K. H. AUNG, MD

Clinical Associate Professor, Faculty of Medicine and Dentistry and Adjunct Professor, Faculty of Extension, University of Alberta, Canada; Clinical Associate Professor, New York University College of Dentistry, NY; President, Canadian Medical Acupuncture Society; President, World Natural Medicine Foundation; Private Practice, Edmonton, Alberta, Canada.

BENNO BRINKHAUS, MD

Senior Scientist and Institute Teaching Coordinator, Institute for Social Medicine, Epidemiology and Health Economics, Charité – University Medical Center; Berlin, Germany

MICHAEL W. COOMES, MD, FAAMA

President, American Academy of Medical Acupuncture; Associate Professor of Family Medicine, Director of Immunization and Travel Medicine, University of Minnesota; Minneapolis, Minnesota

NIGEL DAWES, MA, LAC

Professor, Pacific College of Oriental Medicine, NY; Professor, Tristate College of Acupuncture, NY; Private Practice; New York, New York

ROBERT GROSS, MD, DABMA

Symposium Program Chair; Chair, American Board of Medical Acupuncture; Private Practice, Portland, Oregon

NEIL R. GUMENICK, DIPL. AC, LAC

Founder and Director, Institute of Classical Five-Element Acupuncture; Professor, Emperor's College of Traditional Oriental Medicine, SAMRA University; Private Practice, Santa Monica, California

LEON HAMMER, MD

Author and teacher; Chairman of the Board, Dragon Rises College of Oriental Medicine; Gainesville, Florida

JOSEPH M. HELMS, MD, FAAMA

Professor of Medical Acupuncture, Adjunct Clinical Faculty, Stanford University School of Medicine; President, Helms Medical Institute; Private Practice, Berkeley, California

SANGHOON LEE, KMD, PhD, LAC

Assistant Professor of Acupuncture & Moxibustion, Kyung Hee University, College of Oriental Medicine, Seoul, Korea; Post-doc Fellow, Division of Endocrinology and Metabolism, Center for Complementary and Alternative Medicine, Johns Hopkins University School of Medicine; Baltimore, Maryland

JEFFREY S. MEYERS, MD

Private Practice, Wilmington, Delaware

VITALY NAPADOW, PHD

Instructor in Radiology, Harvard Medical School; Assistant in Neuroscience, Department of Radiology, Massachusetts General Hospital; Boston, Massachusetts

KLAUS-DIETER PLATSCH, MD

Dr. of Internal Medicine, Psychotherapist; Director of the Institute of Integral Medicine, Windschnur, Germany; Private Practice, Windschnur, Germany

JAY SANDWEISS, DO, FAAMA

Private Practice, Ann Arbor, Michigan

KWANG-SUP SOH, PhD

Professor, Seoul National University; Seoul, Korea

STEPHEN M. TAYLOR, DO

Writer and Researcher; Rockwell, Texas

TOSHIKATSU YAMAMOTO, MD, PhD

Director, Yamamoto Hospital, Rehabilitation Clinic; Miyazaki, Japan

Register Today To Attend The American Academy
Of Medical Acupuncture's 19th Annual Symposium!

MODERN APPROACHES TO AN ANCIENT TRADITION

April 26th-29th, 2007 • Baltimore, Maryland
Baltimore Marriott Waterfront Hotel

— Sponsored By The American Academy of Medical Acupuncture —

THE AMERICAN ACADEMY OF MEDICAL ACUPUNCTURE is pleased to present a symposium which meets the expressed need of physician acupuncturists to examine the mechanisms of acupuncture from several different perspectives and for more information on scientific studies and research findings regarding acupuncture. This meeting addresses topics suggested by practitioners and stresses the different acupuncture approaches to dealing with every day practical clinical problems with an emphasis on the scientific evidence for those approaches. Physicians have expressed the desire for exposure to alternative approaches to common clinical challenges. The different disciplines of acupuncture to be reviewed include Neuro-Anatomic, Energetics, and Traditional Chinese Medicine. We will look at the different ways of treating the same clinical problems using these different disciplines, thus giving physicians not only a choice for treatment but also the sophistication of combining two or more disciplines to strengthen the efficacy of their treatment.

The thrust of this conference is to offer a multi-tiered approach to the understanding and clinical significance of acupuncture in a physician's daily practice, and to expand the awareness and understanding of the scientific research ongoing to examine the effects of acupuncture and acupuncture efficacy. It is designed to provide physicians with information on different approaches to the treatment of common conditions seen in clinical practice so that they may tailor acupuncture treatments to the needs of their individual patients. The conference focuses on clinically relevant treatment approaches and techniques which the physician acupuncturist can put to immediate use.

WHO SHOULD ATTEND? The Symposium is designed for instruction and training of physicians (MDs and DOs only) interested in or already practicing acupuncture. Physicians with no experience and those with extensive background in medical acupuncture will find the program useful to their medical practices.

Those physicians with an interest in achieving a better understanding of Yamamoto New Scalp Acupuncture (YNSA) including demonstrations of the technique in treating various disorders, should attend the Pre-Symposium Workshop: "Yamamoto New Scalp Acupuncture" with Dr. Toshikatsu Yamamoto. Dr. Yamamoto presents his unique approach to scalp acupuncture which has been utilized extensively in the treatment of neurological disorders and injuries as well as other conditions.

A particularly useful approach to the treatment of pain for many practitioners is the Craig PENS technique. Physicians interested in a review of the science and clinical applications utilizing this technique and its potential value in the treatment of pain should attend the Pre-Symposium Workshop "Review of the Basics of the Craig PENS Technique" with Dr. Stephen Taylor, a long-time Craig colleague. This session is intended to be a broad review of the science and description of the basic process necessary to successfully utilize this approach.

The treatment of cancer related pain is particularly challenging and quite different from benign pain control. Those interested in learning more regarding TCM approaches to the treatment of cancer patients including the treatment of accompanying anxiety, depression, immune system and other systemic disorders such as constipation, nausea etc. should attend the Pre-Symposium Workshop "Acupuncture and Pain Control in Cancer Patients" with Dr. Stephen Aung.

Finally, those intrigued with the potential benefits of a broad, holistic approach to patient care should attend the Pre Symposium Workshop "Five Phases: Connection of Body, Mind and Spirit" with Dr. Klaus-Dieter Platsch. Body, mind and spirit are interconnected as evidenced by the correlations of the five emotions and the five aspects of the spirit Shen. Dr. Platsch will present case histories and therapeutic strategies to emphasize the practical value and benefit of a holistic approach.

Physicians with over 200 hours of formal medical acupuncture training and more than three years experience may choose the workshops that best suit their interest.

ACCREDITATION. The American Academy of Medical Acupuncture is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Academy of Medical Acupuncture designates the Symposium for up to 22 hours of CME in Category 1 of the Physician's Recognition Award of the American Medical Association. The Pre-Symposium Workshops have been designated for up to 7 1/2 hours of CME in Category 1 of the Physician's Recognition Award of the American Medical Association.

DEADLINE FOR HOTEL RESERVATIONS IS MARCH 26, 2007... MAKE YOUR ROOM RESERVATION AT THE BALTIMORE MARRIOTT WATERFRONT HOTEL TODAY. DON'T MISS OUT!

The 2007 Symposium is dedicated to bringing you clinical, diagnostic and therapeutic information critical to your important task of improving patient care.

OBJECTIVES

PRE-SYMPOSIUM WORKSHOP I: Yamamoto New Scalp Acupuncture

Physicians attending this workshop will: Learn the theory and principles of the "Yamamoto New Scalp Acupuncture" including the YNSA basic and ypsilon points. Observe the application of YNSA techniques to treat various conditions through the treatment and analysis of actual clinical situations through patient and case presentations. Understand the principles of the treatment of various conditions including stroke, pain syndromes and neurological conditions. And will better understand how the "Yamamoto New Scalp Acupuncture" techniques can be applied in clinical situations and be integrated with traditional Western medical practices.

PRE-SYMPOSIUM WORKSHOP II: Review of the Basics of the Craig PENS Technique

Physicians attending this workshop will: Understand the basic concepts that form the theoretical basis for Craig PENS, a pain treatment technique involving Percutaneous Electrical Nerve Stimulation (PENS) through acupuncture needles. Be aware of current theories and research in the physiology of pain and the similar mechanisms of action of PENS, TENS, and Craig PENS. Understand the basic algorithms for treating chronic pain patients with Craig PENS. Understand the techniques of patient assessment treated with Craig PENS with emphasis on improving patient outcomes.

PRE-SYMPOSIUM WORKSHOP III: Acupuncture and Pain Control for Cancer Patients

Physicians attending this workshop will: Understand the approach to acute and chronic pain using Traditional Chinese Medicine principles. Understand the types of pain caused directly by cancer, as well as that caused by the conventional treatment approach to cancer, namely surgery, chemotherapy, and radiation and the associated manifestations of such treatments and be able to describe a holistic approach to treatment of the cancer patient utilizing classic TCM approaches.

PRE-SYMPOSIUM WORKSHOP IV: Five Phases Connection of Body, Mind and Spirit

Physicians attending this workshop will: Be able to describe how TCM, in context with modern psychology, sciences and spirituality opens up a holistic approach to the ideas about illness and the treatment of patients. Understand that body, mind and spirit are interconnected and act on each other. Be able to explain the correlations of the five emotions and the five aspects of the spirit shen within the five phases. Understand how an understanding of these correlations and relationships enhances promotion of healing in patients.

GENERAL SESSIONS. Physicians attending the Symposium will be able to understand how to integrate acupuncture into a contemporary medical practice. Understand the opportunities to utilize various approaches to the treatment of pain, headaches, musculoskeletal problems and common medical conditions. Learn the theoretical basis of and practical treatment techniques of acupuncture in the treatment of pain and common medical conditions. Learn how certain medical conditions are evaluated and treated utilizing a scalp acupuncture technique. Learn the findings of recent research around the world on the effects and efficacy of acupuncture and the practice implications. Learn how the potential benefits of taking a more holistic approach to patient assessment and treatment. Better understand the concepts of classical Chinese theories in the practical use of acupuncture in treatment approaches in a modern clinical setting. Learn how conditions commonly found in clinical practice can be treated using any one of several acupuncture approaches, or in combination, thus enhancing overall treatment results.

EXHIBITS. Each year time is set aside during the Symposium for attending physicians to meet with suppliers to the medical profession, particularly practicing physician acupuncturists.

POSTER AND FREE PAPER PRESENTATIONS. The Academy provides a Poster Presentation opportunity and a time for Free Paper Presentations for members to present interesting clinical cases or clinical research. Poster Presenters are eligible for cash prizes. For information on this opportunity and the requirements for participation, go to www.medicalacupuncture.org (See the Poster Presentation Guidelines and Free Paper Presentation Guidelines), or contact the Academy Offices.

RESEARCH PAPER COMPETITION. The Academy is sponsoring a Research Paper Competition in conjunction with the Symposium. A session is scheduled for Sunday morning where the winning papers will be announced and where the First Place paper will be presented. For information on this opportunity and the requirements for participation, contact the Academy Office, or go to www.medicalacupuncture.org.

MEDICAL ACUPUNCTURE REVIEW COURSE

The AAMA will offer the Medical Acupuncture Review Course on Tues. and Wed., April 24-25, prior to the start of the Symposium. The Review Course will meet from 9 am-5 pm on Tues. April 24, and from 8 am-4:30 pm on Wed. April 25. The ABMA Board Certification Examination will be offered on Sun., April 29. from 1 pm-5 pm. Separate registration is required for the Review Course. Registration information has been forwarded to Academy Practice members. Others may contact the AAMA office for registration materials or go to www.medicalacupuncture.org.

SYMPOSIUM ADJOURNS**HOW TO REGISTER**

IN ORDER TO QUALIFY FOR THE EARLY BIRD REGISTRATION FEES, REGISTRATION FORM AND PAYMENT IN FULL MUST BE RECEIVED BY MARCH 23, 2007. Registration forms received after that date will be charged the regular fees. Registrations received after April 16, 2007 will be charged the late reservation fees. **All participants, authors and presenters attending the meeting must register. Programs and name badges will be distributed on site.** Complete the enclosed Registration Form, and return it with your payment in full today. Be sure to indicate your preference for the Pre-Symposium Workshop. Space for these sessions is limited and assigned strictly on a first come, first served basis. **Please use one registration form per applicant.** Registration confirmations will be sent within two weeks of receipt. Requests for refunds must be in writing and received at the Academy's office by April 20, 2007. There will be a \$50 handling fee assessed for all cancellations. As of April 21, 2007, no refund requests will be honored.

TUITION

Fee includes continental breakfasts, refreshment breaks, lunch on Friday and Sunday, and the Thursday and Friday afternoon receptions. All fees payable in advance and in full in U.S. funds.

PRE-SYMPOSIUM WORKSHOPS

\$225 per person

Early (Rec'd by March 23, 2007) \$80

Regular (Rec'd by April 16, 2007) \$90

Late (Rec'd after April 16, 2007) \$100

OPTIONAL SATURDAY RECEPTION/DINNER CRUISE

On Saturday evening, we have arranged for an optional inner Baltimore Harbor dinner cruise. As you dine and enjoy the company of your colleagues from around the world you'll cruise past Baltimore's skyline and some of its most famous landmarks.

HOTEL RESERVATIONS

The Symposium is being held at the Baltimore Marriott Waterfront Hotel, 700 Aliceanna St., Baltimore, Maryland 21202. For reservations: 800.228.9290 or 410.385.3000. Ask for the AAMA group rate of \$199 single/double. Rooms at that rate will be available until the block is sold out or March 26th, 2007, whichever comes first. Make your reservations now. You may also make room reservations on-line at www.marriott.com. Use the group code of AAMAAMA.

The spectacular Baltimore Marriott Waterfront Hotel is set on the edge of the Baltimore Inner Harbor in the heart of Harbor East, the newest Baltimore neighborhood. You are just a few steps from Inner Harbor restaurants and shopping, the National Aquarium, Maryland Science Center and USS Constellation. The hotel offers an indoor swimming pool and fitness club.

BOARD CERTIFICATION EXAMINATION**SUNDAY, APRIL 29th, 1:00-5:00 pm**

Offered by the American Board of Medical Acupuncture — Available only for those who have applied for Board Certification and have been found "Board Eligible." Separate reservation is required. Contact the ABMA office or go to www.dabma.org.

MEMBERSHIP IN THE AAMA

Membership in the Academy is open to licensed physicians (MDs and DOs only). For Membership or Symposium information, call or write to:
